

# Stageco voted Favourite Staging Company

Stageco was voted the 'Favourite Staging Company' at this year's Total Production Awards for their involvement with the ongoing U2 tour, as well as the AC/DC and Take That tours.

To round off a busy 2009 and amidst planning for the 2010 events, Stageco was awarded the accolade at this week's Total Production awards. Stageco's Managing Director Hedwig De Meyer commented:

"We are thrilled to have won this award. It was not only gratifying for all the team at Stageco to have their efforts and achievements acknowledged by their contemporaries, but also great to see many of our colleagues we've worked alongside on some truly great productions also receiving awards in their own categories. It highlights the incredible levels of talent and innovation across this fantastic industry."
